CIS 3760 – Software Engineering
Instructor: Prof. S. Scott
Individual Accountability Report (IAR) Template

</div>

Note. Refer to the Project Manual for detailed instructions for IAR submissions.

Individual Accountability Report (IAR) Template
The following questions MUST be included and answered completely for each submitted IAR.

IAR must be submitted one of the following file formats: text or PDF.

Q1. Student Name: Tibor Ukropina

Q2. Student ID: 0961384

Q3. Associated Team Deliverable: Sprint 0

Q4. Section#, Team #: Section 2, Team 3

Q5. What were the main technical or methodological concepts and/or skills that were required to complete this team deliverable? (bulleted list is preferred):

- Java or OOP Experience

- Class Diagrams

- UML diagrams

- Sequence Diagrams

Q6. What was your existing level of experience with these topics/skills before your team began working on this deliverable? (1-2 sentences):

- For the programming I've known how to read Java code since high school

- For the diagrams my experience came from CIS*3750 last semester

Q7. Comment on your individual academic, methodological, or technical learning during this deliverable, and what additional learning may be needed to understand or be more competent with these topics in the future?

- I didn't learn anything new, so the question doesn't apply to me.

Q8. What specific contributions did you make to this team deliverable? This should include technical or project management contributions.

- I made the design recommendations

- I created the class diagrams for Dialog_Split, Dialog_Statistics, Fragment_Overview, Fragment_Settings, and a few others but I can't recall which right now

- I created the sharing user stories
- I wrote the demo description for user stories #8-14
- I helped create the backlog for the user stories on Gitlabs such as writing the descriptions for user stories 8-14 and 22-26
- I helped create and edit the analysis

Q9. With whom did you collaborate for any of the above contributions (be specific)?
- I worked with Srinath and Mackenzie on the Class Diagrams
- I worked with Ameera on the analysis
- I worked with Mackenzie and Chandana on the Gitlabs backlog
- Other group members made contributions to these areas as well, but those are the members I made verbal communication with while working on them

Q10. Comment on how well you managed your time over the time period allocated in the Course timetable to this team deliverable (i.e. the time between the prior team deliverable to this team deliverable).
- I did my work either during our group meetings, or right after the meetings. So, I felt like my time was managed well. This was the most convenient time for me so I don't know how it could get any better.
